

## KAJEET® SUCCESS STORY

# Claris Healthcare: Delivering Secure and Reliable Remote Care to Seniors

Kajeet Concierge offers a set of solutions that enable connected healthcare companies such as RPM service providers, device manufacturers, and telehealth application providers with the capabilities needed to deploy best-in-class healthcare solutions for their clients.

Claris leverages connectivity solutions from Kajeet to enable the successful delivery of their revolutionary Claris Companion tablet-based solution for senior citizens. Working with Kajeet allows Claris to choose and combine the services they need, when they need it.

### Kajeet Concierge enables companies to:

- Accelerate **time to market**
- Select from a wide service portfolio — **all under one roof**, and with one bill to manage
- Focus on growing your business, while Kajeet takes care of the rest
- **Maximize ROI** and operational efficiencies

"I would highly recommend Kajeet to anyone considering their services. Kajeet is not just a hardware, software, and data services provider; **they are a true solutions provider** that will work with you to meet your business objectives. Since working with Kajeet, we have been able to streamline our operations by successfully transitioning product provisioning and logistics to them."
