

KAJEET® SUCCESS STORY

Manatee School for the Arts: On-the-Go Connectivity

Manatee School for the Arts is a public charter school in Palmetto, Florida serving over 2,000 middle and high school students. It offers a strong academic program with an emphasis on the visual and performing arts.

To keep its students connected at all times, Manatee sought to purchase a connectivity solution. The Kajeet team worked with Manatee to help them obtain the funding they would need.

Manatee then onboarded with school bus WiFi and student laptops from Kajeet. It outfitted 4 school buses with Kajeet SmartBus™ WiFi, and delivered 2,000 LTE-embedded laptops to students to enable them to engage with learning anytime, anywhere.

“Since partnering with Kajeet, our students have had access to their studies using the school bus WiFi and the laptops. **Please take advantage of Kajeet.** They know how to help you secure the funding you need for your program.”

David P. Stutzman

Transportation Supervisor,
Manatee School for the Arts
